

## Bulletin Nr 2

We are proud to announce that preparations for the 33rd Kyokushin European Open Championship, to be held at Vila do Conde Sports Pavilion, are going very well.

This championship is the continuation of a project that started about 25 years ago and had the highlight in the year 2000 when Portugal first received a European Kyokushin Karate Championship. It was the 14th and also in Vila do Conde. We can rightly say that Vila do Conde is the cradle of the Portuguese Kyokushin.

With this Bulletin NR 2, we provide the necessary information about the tournament.

If you have any questions, please contact the Portuguese Organization Committee.
